

ST. DOMINIC SAVIO

CATHOLIC HIGH SCHOOL

ACCEPTABLE DEVICE REQUIREMENTS

St. Dominic Savio Catholic High School is a BYOD (bring your own device) school. As such, each student is required to have a mobile device to be used in the classroom.

Device requirements *

1. **Must be 64 bit version of Windows 7, 8.1 or higher device or Mac laptop - not an iPad (iOS) product**
2. Minimum i5 processor, 128GB hard drive, 8 GB RAM
3. Must be able to access the internet via Wifi that supports 802.11n connectivity
4. Must have an active, up to date anti-virus software installed from the Acceptable Anti-virus software list
5. Must have Java installed
6. Must be able to read, edit and create with Google Apps and store on Google Drive
7. Must have a full version of Microsoft Office 2007 or above, NOT a starter version that is often pre-installed on devices. This requirement can be met by installing Office 365 via a FREE download from a link that will be provided by Savio.
8. Sufficient battery capacity to last the school day

* PLTW has their own specifications for devices running the PLTW software that will be utilized in the Engineering and Computer Science courses. The school will provide devices that meet these specifications for use during a student's Engineering or Computer Science class time. Should you want your student to be able to run the PLTW software on their own device, refer to the device specifications on the PLTW website: https://www.pltw.org/sites/default/vfiles/Appendix_C_Computer_Specs.pdf

Notes

1. Students will be assigned a Gmail email address within the Savio domain (@student.saviochs.org) to allow them to utilize Google Apps for Education to facilitate collaboration and assignment submission. Parents will have access to student's login credentials via RenWeb.

Find out more about Google Apps here: <http://www.google.com/enterprise/apps/education/benefits.html>

Find out more about Google Drive here: <http://www.google.com/apps/intl/en/edu/docs.html>

2. Student devices may be required to have Savio classroom management software installed on them.

3. Make sure you select a device that your student is comfortable operating and typing on in class. Some classes may require digital textbooks and the reading of such should be taken into account when choosing a device.

POLICY REMINDER: Use of 3G, 4G, mobile hotspots and tethering from or to a device is prohibited. **Access to the internet will be permitted through the Savio wireless network ONLY.**
