I. Introduction to St. Dominic Savio Catholic High School

St. Dominic Savio Catholic High School is a co-educational, college preparatory school founded in 2009 by the Roman Catholic Diocese of Austin to prepare young men and women to become faith-filled, visionary and inspirational leaders in service to the Church and the world.

History

Bishop Gregory Aymond authorized a feasibility study in 2002 to determine if a Catholic high school in north Austin would attract sufficient demand. Beginning in 2003, the Metanoia Group conducted market research with a sample of 750 individuals who participated in interviews and focus groups and responded to mailed surveys. Using the findings from the study and an analysis of local demographic data, the decision was made in 2004 to purchase the land upon which St. Dominic Savio Catholic High School currently sits.

With feasibility confirmed and the land purchased, Bishop Aymond established a Steering Committee in 2006 to further guide planning and set a direction for the new Catholic high school. The Steering Committee, with the assistance of Meitler Consultants, Inc., prepared a case statement for the proposed new school and submitted it to Bishop Aymond in June 2007. The case statement was approved by Bishop Aymond on June 29, 2007.

In December 2007, the Diocese of Austin contracted with Community Counseling Services to identify the potential financial support needed to build the new Catholic high school. A \$10 million campaign was recommended and a Campaign Cabinet was established. Following an initial contribution from the Diocese of Austin's "Future Schools Fund", additional gifts ranging from \$100,000 to \$1.5 million were received.

Construction of St. Dominic Savio Catholic High School commenced on October 12, 2008 and A Certificate of Formation was signed and filed with the Texas Secretary of State on December 22, 2008. Phase one of construction includes 83,690 square feet of new construction, housing 13 classrooms, two science learning centers with laboratories, a computer learning center, a library/media center, a fine arts suite, a gymnasium, administrative offices, a conference room, student health and teachers' work suites and three leveled athletic fields.

St. Dominic Savio Catholic High School opened in the fall of 2009 with 86 freshmen and sophomores. Enrollment has continued to grow over the years, with a starting enrollment of 405 students in fall, 2018.

Patron Saint

Dominic Savio was born on April 2, 1842 at San Giovanni di Riva, near Turin, Italy. Dominic was one of ten children born to Carlo and Birgitta Savio. A prayerful and promising student of St. John Bosco, Dominic was an ordinary young person with an extraordinary love of God. Dominic once said, "I can't do big things, but I want everything to be for the glory of God."

Dominic was an example of childhood holiness. He was nourished by the sacraments and held firm to his Marian devotion. On a visit to Turin, John Bosco's mother commented to her son: "You have many good boys, but none can match the good heart and soul of Dominic Savio. I see him so often at prayer, staying at church after the others; every day he slips out of the playground to make a visit to the Blessed Sacrament. When he is in church, he is like an Angel living in paradise."

Unfortunately, Dominic died from tuberculosis on March 9, 1857. Pope Pius XI described Dominic Savio as "small in stature, but a towering giant in spirit." Dominic Savio was canonized on June 12, 1954.

The Crest

The crest of St. Dominic Savio Catholic High School includes a cross, which represents Faith; a lamp, which represents the Wisdom gained through knowledge and scholarship; a star, which represents the State of Texas; and stripes, which represent Discipline.

II. Mission, Philosophy and Goals

Mission

St. Dominic Savio Catholic High School is a co-educational, college preparatory school founded by the Diocese of Austin to prepare young men and women to become faith-filled, visionary and inspirational leaders in service to the Church and the world.

Philosophy and Goals

St. Dominic Savio expresses the Church's educational mission through faith-formation, social development and awareness, and a strong academic program.

We seek:

- To develop within the school a strong theology program based on Catholic teachings, Scripture, liturgical experiences, and service so each student grows and develops in the Catholic Christian way of life;
- To facilitate the spiritual, intellectual, social, emotional, and physical development of each student; and,
- To challenge students to become Christian leaders, living as young men and women of conscience, compassion and action.

Vision Statement

- Forming Servant Leaders in the Image of Christ

Core Values

- We hold firm to our core values, which define our identity and serve as the fundamental beliefs that guide the daily life of the school.

Strategic Plan Areas of Priority

The format for the Strategic Plan 2018-2023 is modeled after the Texas Catholic Conference of Bishops -Education Department (TCCB ED) Self Study document, which focuses on five Domain areas reviewed in our accreditation process. Each Domain standard statement is given in this document and serves as an overarching goal for the area. Along with each Domain Standard, TCCBED Benchmark statements indicate areas of qualification that clarify elements of successful implementation of that overarching goal. The accreditation standards and benchmarks serve as a guide when determining short or long-range goals. In addition, the National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools have served as a resource for school effectiveness that are reviewed when annual goals are identified.

The Strategic Plan 2018-2023 was developed from key resources: school bylaws, TCCB ED accreditation standards and benchmarks, the National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools, as well as survey input gathered from faculty, staff, and parents.

The Strategic Plan identifies TCCBED accreditation standards and benchmarks. The school has identified key benchmarks from the accreditation documents that are the focus for annual goals, in each of the following areas:

- I. Catholic Identity
- II. Governance, Administration and Management
- III. Curriculum, Instruction and Assessment
- IV. Student Services, Resources and Activities
- V. Plant and Facilities (Standard V)

For further clarification, symbols are used to reference their original source:
