

ST. DOMINIC SAVIO

WHY SAVIO?

St. Dominic Savio Catholic High School is a co-educational college preparatory school, founded by the Diocese of Austin, to prepare young men and women to become faith filled, visionary and inspirational leaders in service to the Church and the world.

The school, located in northwest Austin, provides instructional methods with a 21st century classroom experience that incorporates cooperative learning and problem-solving approaches, along with technology integrations to enhance learning. St. Dominic Savio offers a variety of extensive academic courses that meet diverse student interests.

Accelerated students may qualify for Pre-AP and AP courses in the subject areas of art, computer science, English, foreign languages, mathematics, natural science, and social science.

As students advance through their academic career, they can choose to concentrate on different areas of study, either in the STEM field (Science, Technology, Engineering, Mathematics), Fine Arts, or the Humanities. All graduates receive Distinguished Diplomas, with at least one of the four endorsements: Multidisciplinary Studies, Arts and Humanities, STEM, or Business and Industry. Four years of engineering and computer science programs are offered through the Project Lead the Way curriculum, the leading STEM program in the United States. These experiences provide a foundation for college preparation and career readiness.

FAITH FORMATION

The Savio vision is to *form servant leaders in the image of Christ*. Faith Formation is central to the mission and student experience at St. Dominic Savio. The mission of the school is carried out by forming young men and women to become faith-filled, visionary and inspirational leaders in service to the Church and to the world. This includes:
