Principal's Update: Dr. Enrique Garcia

Question proposed to the group on how to improve communication about class breakfasts to students. Looking to improve overall communication. Health Dept visited the Savio concession stand and gave a warning for being out of compliance. Informed we need a food handler’s license and permit when selling or giving non packaged food. Planning to have a representative from the Health Dept to come back and review rules with reps from SPA and Boosters. Catholic Schools week went well. Imago Christi Day went well too. Created new logo to go with 10 year anniversary of the school. Discussed the start of off season training for football and hoping to have a big celebration for homecoming for 10 year anniversary. Saturday is prospective new student interviews. One member of administration has been assigned to attend after school activities each week. Eagle weekly will be updated in the next week or 2 to make it more user friendly and will include the weekly principal’s update. Students attended School Choice Rally. Swim is going to State this Friday. Boys and Girls Soccer going to playoffs. Students from Savio attended the Robotics competition this weekend and did great. Security update: have a new permanent security guard assigned to Savio and will rotate with the guard from Holy Family to be familiar with both campuses. Looking forward at the next 10 years for Savio and evaluating what changes and improvements to make for Boosters, SPA, and school. Discussed the importance of students and parents as they represent Savio as sporting events. Several members asked about updates on hiring for the open positions.
